of not seeing enough of herself and the people she loves reflected in genre fiction.

*Ascension: A Tangled Axon Novel: Jacqueline Koyanagi ...*

Ascension by Jacqueline Koyanagi was an alright read that just needed more time spent in the planning stages. This book started out great,

*Page 9/30*

# Access Free Ascension

there was an interesting plotline about a woman with a chronic illness that struggled to afford to pay for her and her aunt's medication but she loved working on space ships and mechanical things so much, it was her calling in life.

Ascension

Jacqueline...Axon

This book made me happy in so many ways but there are two I want to highlight: Ascension does an amazing job portraying what it's like to live with a chronic illness and it successfully uses minorities (sexuality and race wise) as more than just plot devices.

Thank you, Jacqueline

*Page 23/30*

An Interview with

Ascension Author

Jacqueline Koyanagi

The first thing that

Access Free

Ascension

struck me about  
Ascension: A Tangled  
Axon Novel was the  
cover. It's rare to see a  
person of colour – and a  
female at that – as the  
main protagonist in a  
science fiction/fantasy  
story.
