~~To be a successful manager, you need to understand how foundational managerial accounting concepts apply to the business world. Managerial Accounting, 7th edition helps students make direct connections between the classroom and the boardroom by presenting robust cases and managers' comments on real company issues. Known for its "You Get What You Measure" framework, this edition presents an updated focus on building students' decision-making and critical thinking skills through incremental analysis and data analytics coverage. Appropriate for both introductory and MBA Managerial Accounting courses, Managerial Accounting, 7th edition helps prepares students for their role as future leaders.~~

~~The third edition of Management and Cost Accounting continues to offer a wide ranging suite of resources to serve the needs of students, instructors and professionals. With a strong European focus, this text provides a definitive coverage of established and contemporary issues within Management and Cost Accounting. Drawing on the latest research and surveys, the authors bring technical and theoretical concepts to life through extensive use of real world examples and case studies. Features Richly illustrated with a striking new full colour text design and photographs to further engage the reader, reinforce the practical relevance of issues discussed. Extended and fully updated coverage of Strategic Management Accounting In depth European and Harvard Case Studies. A mix of new, and classic cases which pull together themes and offer a broader perspective of how management accounting can be applied in a range of different contexts. Cases include questions, and guided solutions are provided on the CWS accompanying the book. Extensive assessment material, including questions taken from past papers to allow students to consolidate learning and practice their exam technique. Questions are~~

~~CRUCIAL ACCOUNTING SKILLS FOR THE HOSPITALITY PROFESSIONAL In the fast-growing and increasingly competitive hospitality industry, every business is under extreme pressure to maximize revenue and minimize costs simply to maintain existing profit levels. Hospitality Management Accounting, Seventh Edition gives students a firm grounding in the fundamental concepts and analytical techniques they will need as professionals to take direct control of an accounting system and evaluate the effectiveness of current and past operations. Filled with case studies, expanded exercise and problem sections, and alternative solution sets that provide multiple problem-solving approaches, this updated new edition is the only text in the field that covers credit card receivables. It features an extensive review of accounting systems and a special section on the use of computers in the hospitality industry. Important topics covered in this text include: * Understanding, analyzing, and interpreting financial statements * Ratio analysis and internal control * The "bottom up" approach to pricing * Cost management and the cost volume profit approach to decisions * Operations budgeting and cash budgeting * Statement of cash flows and working capital Hospitality Management Accounting, Seventh Edition equips hospitality management and culinary students with the skills they need to take command of one of the most crucial aspects of the management of any hospitality business.~~

~~Now in its eighth edition, this international bestseller has been widely recognised as the definitive textbook on management and cost accounting for over 25 years. Colin Drury expertly blends the theory and practice of management and cost accounting with extensive assessment questions and illuminating Real World Views, to fulfil all undergraduate and professional course needs in a single textbook. Management and Cost Accounting is ideally suited for use on management accounting and cost accounting modules taught on undergraduate accounting courses and for students preparing for the cost and management accounting examinations of the professional accountancy bodies at intermediate or advanced level. It is also appropriate for use by postgraduate and higher national diploma students studying cost and management accounting for the first time.~~

~~Drury's Management & Cost Accounting is the market-leading European text on management accounting and is a comprehensive authority on all aspects of the subject. This accompanying Student's Manual is a workbook that comprises a set of extra problems and solutions that correspond with the chapters of the main text. Together, the main text and the Student's manual form an ideal learning package. The problems and solutions allow students to pursue topics in more depth and to concentrate on the application of principles in management and cost accounting. The key topics are covered in detail and provide a superb opportunity to practise answering exam questions, many of which are taken from past papers of professional accountancy bodies such as CIMA, ACCA, AAT, ICAEW and ICAI.~~

~~The seventh edition of Management Accounting continues to offer its readers an in-depth analysis of how to use accounting information for financial analysis, profit planning, cost control and decision making. It provides comprehensive analysis of the concepts, theories and techniques of management accounting in a simple and lucid style. Designed primarily for the students and teachers of management and finance, this book will also be suitable for the teachers and students of commerce and accounting domain as well as practicing managers. Salient Features: - Updated corporate reporting and thorough update in chapter on GAAP & Accounting Standards to incorporate Ind-AS, 2016 - New cases on Tata Motors and ITC on Ratio Analysis, Material Cost Variance, etc. - Updated illustrations, examples, appendices and cases with emphasis on outcome based learning~~
