echsenähnlichen Gorn herzustellen und einen Krieg in der Galaxis zu verhindern. Jetzt eskalieren interne Auseinandersetzungen auf dem Heimatplaneten der Gorn, erneut droht Krieg. Picard soll als Unterhändler der Föderation eine Katastrophe verhindern. Auf dem Weg zur Konferenz entdeckt die Enterprise eine gigantische, offenbar längst verlassene Raumstation. Twenty-five years ago, Captain Jean-Luc Picard conducted breakthrough negotiations with an aggressive race called the Gorn. Now, on the anniversary of that achievement, Captain Picard and the U.S.S. Enterprise™ are headed for the Gorn Homeworld to continue that important work. But when the ship stops to investigate a mysterious alien artifact, Captain Picard is suddenly hurled through time and space. Just as Commander Riker and the Starship Enterprise™ crew begin an impossible search for their captain, the Gorn summit goes terribly wrong. As war looms over the galaxy and Picard is desperately needed on the Gorn Homeworld, the captain finds himself stranded in the past on a planet called Cestus III at a crucial turning point in Federation history. Now, caught in a deadly situation that challenges Picard's most cherished beliefs, he must weigh the fate of a world against the future of the entire Federation...

A Klingon assassin has infiltrated the U.S.S. Enterprise. His mission: To ambush the horrible, dishonorable Captain James T. Kirk. But when Kirk turns out not to be what his Klingon superiors had said he was, the Klingon assassin must decide whether to do what he was told to do, or to follow the dictates of his honor. There are more than four hundred sagas aboard the Starship Enterprise™, one for each of the unique men and women serving under the command of Capt. James T. Kirk. For years their personal adventures, their individual struggles and successes, have gone largely untold...until now. The U.S.S. Enterprise™ is patrolling the Klingon border when sensors detect a massive power source on a planet supposedly populated only by a race of primitive humanoids. Suspecting some sort of Klingon plot, Captain Kirk decides to investigate the matter personally, beaming down to the planet with Dr. McCoy and a team of security officers. But Kirk is in more danger than he knows. Among the landing party is Lt. Jon Anderson, a Klingon infiltrator on an undercover mission aboard the Enterprise. Anderson does not know if the Empire is at work on the unnamed planet, but if it is, then his duty demands that Kirk be stopped—by all means necessary.

Following the harrowing events of the Errand of Vengeance trilogy, tensions between the Federation and the Klingon Empire are the highest they have been for twenty-five years. Even as Federation Ambassador Robert Fox engages in tense negotiations with his Klingon counterpart to maintain the peace, Captain James T. Kirk of the Starship Enterprise sees his vessel refitted from a ship of exploration to a ship of war. The impact of the coming conflict will be felt by many of the Enterprise crew - and by those on the other side. Amongst them is security supervisor Leslie Parrish, who is stunned to learn she is carrying her dead lover's child - and that he was a Klingon spy, surgically altered to pass as human and infiltrate Kirk's ship. Meanwhile Karel, the brother of the Klingon agent who was posing as John Anderson, faces a crisis of faith and conscience as he sees the Klingon Empire falling into dishonourable ruin... And Michael Fuller, whose son Sam was killed in a battle with Klingons, reenlists in Starfleet. But is he driven by loyalty or revenge?

A Klingon assassin has infiltrated the U.S.S. Enterprise. His mission: To ambush the horrible, dishonorable Captain James T. Kirk. But when Kirk turns out not to be what his Klingon superiors had said he was, the Klingon assassin must decide whether to do what he was told to do, or to follow the dictates of his honor. Every person has a story, and those who are lucky enough to share the voyages of Capt. James T. Kirk aboard the Starship Enterprise™ have stories unlike anyone else's. Some live, some die, but even those who serve below deck sometimes make all the difference in the universe! The news from Starfleet Command is grim: a full-scale war against the Klingon Empire is coming, a war that the Federation may not be able to win. In anticipation of a monumental conflict, the U.S.S. Enterprise™ is assigned to guard a vital starbase located perilously close to Klingon space. But even as Kirk's mission brings him into a tense confrontation with an invading Klingon battle cruiser, an equally deadly menace lurks within the ranks of his own crew: Klingon infiltrator agents, posing as Starfleet officers and sworn to destroy the enemies of the Empire—even at the cost of their own honor!

Poised on the verge of interstellar war, Captain Kirk's last best hope that the Federation can stop the Klingons is the people of Organia, avowed pacifists. Forced to disguise themselves as interstellar traders, Captain Kirk and Mister Spock are trapped on the primitive world of Organia as Klingon Defense Forces occupy the planet. Determined to make the Organians see that they need not bow to oppression, the Starfleet officers sabotage Klingon materiel. In retaliation, the Klingon captain, Kor, executes many Organians. Unconcerned, the Council of Elders begs Kirk and Spock to stop the violence. While in deep space the forces of Starfleet and the Klingon Empire scramble to position their fleets for the first onslaught of what could be a long and deadly war.

When the U.S.S. Excalibur was suddenly and mercilessly destroyed, Starfleet lost one of its finest starships. But the crew members of the Excalibur lost their captain...and their home. Now, in mourning for their ship and Captain Mackenzie Calhoun, First Officer Elizabeth Shelby and the rest of the crew await new assignments. For Lieutenant Soleta, that means a painful reunion with her Romulan father, while Zak Kebron and Mark McHenry are sent undercover to investigate a series of mysterious alien abductions on a low-tech world. Going their separate ways throughout the Alpha Quadrant, the Excalibur's survivors must face diverse challenges and dangers on their own. The ship is history, but the adventure continues...

The United Federation of Planets and the Klingon Empire stand on the brink of war. Captain James T. Kirk and the Starship Enterprise™ are sent back to System 7348 -- site of a previous skirmish with the Klingons -- for a confrontation with the I.K.S. D'k Tahg under the command of Captain Koloth. Even as the two great ships face each other, trouble is brewing among their crews. On the Enterprise, Lieutenant Leslie Parrish is pregnant with a half-Klingon child and must face a critical decision about her future, while Section Chief Michael Fuller still carries the wounds of the twenty-five-year-old Battle of Donatu V, of which he was one of the few survivors -- not to mention his grief over the death of his son, recently killed in battle against the Klingons. On the D'k Tahg, First Officer Karel finds himself trapped between the scheming, dishonorable Councillor Duras and his commanding officer, Koloth. While the stakes only seem to be the possession of a single star system, the ramifications may spread throughout the Klingon Empire, as they find themselves at a crossroads between conquest and honor!
