Retailing is one of the biggest and most important sectors in today's economy. Graduates who are seeking a career in the sector will

Download Free Retailing 8th

therefore require a solid knowledge of its core principles. The Principles of Retailing Second Edition is a topical, engaging and authoritative update of a hugely successful textbook by three leading experts in retail management designed to be a digestible introduction to retailing for

management and marketing students.

The previous edition was praised for the quality of its coverage, the clarity of its style and the strength of its sections on operation and supply chain issues such as buying and logistics, which are often neglected by other texts. This new

Download Free Retailing 8th Edition has been

comprehensively reworked in response to the rapid changes to the industry, including the growth of online retail and the subsequent decline of physical retail space and new technologies that improve customer experience and help track consumer behaviour. It also
