"The authors have succeeded in the purpose of making it as easy as possible to look up the readings and meanings of Japanese words written in Chinese characters." —The Modern Language Library
The purpose of this Learner's Kanji Dictionary is to offer a handy and easy –to–use Japanese language tool to look up the readings and meanings of Japanese words and names written with Chinese characters (kanji). Each kanji entry is presented in extra–large form, with its strokes labeled in order by small numbers 1, 2, 3, ... positioned at the beginning of each stroke to show how the kanji is to be written. Handwritten pen and variant forms of the kanji are also given, along with its general structure and graphemes. This dictionary is a concise version of the more comprehensive Kanji Dictionary. In all, this Japanese dictionary lists the most important 2,882 characters and 12,073 multi-character compounds, including all 1,945 Joyo Kanji decree for general use plus all 284 Jimmei –yo Kanji sanctioned for use in given names. In addition, the most frequently used approximately 700 surnames and 600 given names have been added. One feature that makes this dictionary particularly useful for a beginner, or anyone else wishing to learn Japanese, is that every compound is listed under each of its characters. This multiple listing makes it possible to look up a compound under whichever of its characters is quickest to find, and it is a big help in deciphering sloppy handwriting or a blurred copy. Entries are arranged according to a radical–based lookup system of the same type used in virtually all character dictionaries, but with improvements that make it particularly easy to learn and use. And with the alphabetically arranged index of kanji readings at the back of the dictionary, the user can look up a character via any of its known readings (or look up a compound via any of the readings of any of its characters), without having to determine radicals or count strokes. This handy character dictionary includes: 2,882 character entries and 12,073 compounds. Character entries are according to the system of 79 Radicals. English–Japanese and Japanese–English Sections
Information about writing, form, structure, etc. of each of the characters. Approximately 700 surnames and 600 given names. An alphabetical pronunciation index.

A revised, expanded edition of the best-selling Japanese-English character dictionary — now with all the current J y and Jimmei Kanji
With The Kodansha Kanji Learner 's Dictionary: Revised and Expanded, learners finally have at their fingertips accurate and in-depth information on all the kanji prescribed by the Japanese government. In all, 3,002 characters — 772 more than in the first edition — fill its pages, making it the most comprehensive and up-to-date dictionary of its kind. The main goal of the dictionary is to give the learner instant access to a wealth of useful information on kanji, including their meanings, readings, stroke order, and usage in compounds. Compounds pose a special problem for learners. Normally one must memorize them as unrelated units. A unique feature of this dictionary that overcomes this difficulty is the core meaning, a concise keyword that defines the dominant sense of each kanji, followed by character meanings, or specific senses the kanji can have when used in the living language. Together these features help learners understand the logic behind compound formation. Another unique feature is the System of Kanji Indexing by Patterns (SKIP), a revolutionary indexing system that has gained widespread popularity because it enables the user to locate characters as quickly and as accurately as in alphabetical dictionaries. With SKIP, all one needs to do to find a kanji is identify the geometrical pattern to which it belongs, then count the strokes in each part of that pattern —a much speedier process than searching by traditional methods. In 2020 the government expanded the Educational Kanji list from 1006 to 1026 characters to cover the characters used in all Japanese prefecture names. This edition includes these revisions along with illustrative compounds words. These features, and many more, make this dictionary the most powerful kanji-learning tool ever devised.

With The Kodansha Kanji Learner 's Dictionary: Revised and Expanded, learners finally have at their fingertips accurate and in-depth information on all the kanji prescribed by the Japanese government. Another unique feature is the System of Kanji Indexing by Patterns (SKIP), a revolutionary indexing system that has gained widespread popularity because it enables the user to locate characters as quickly and as accurately as in alphabetical dictionaries. With SKIP, all one needs to do to find a kanji is identify the geometrical pattern to which it belongs, then count the strokes in each part of that pattern —a much speedier process than searching by traditional methods. These features, and many more, make this dictionary the most powerful kanji-learning tool ever devised.

Whether full-time students, business people, or casual readers, all have felt the need for a compact, up-to-date, practical kanji dictionary. Something that would fit into a shoulder bag or briefcase, could be taken to class, or would sit unobtrusively on a desktop. Kodansha's Essential Kanji Dictionary is precisely that dictionary, designed specifically to meet the needs of the modern man and woman. It includes all of the 1,945 Joyo Kanji, the core kanji recommended by the Japanese Ministry of Education for use in Japanese newspapers and magazines. Knowing these kanji, the student can recognize virtually every Chinese character appearing in the daily press. And that is not all. This dictionary also features some 18,000 kanji compounds, both those with Chinese readings (on-yomi) and those with Japanese readings (kun-yomi). These compounds have been carefully selected for practicality, usefulness, and timeliness. The living language has received exclusive priority, including such words as "favoritism," and "statute of limitations." For those interested in securities, stocks and bonds, and the diverse terminology of the business world, related terms and jargon are clearly marked for easy reference. Simply open the book and look for the Yen sign. There you will find "current price," "aggregate market value," "issue at market price," and a great deal more. For those who want to write kanji, the stroke order of each and every character has been duly noted. But more important, the Essential Kanji Dictionary does its utmost to help the reader locate the needed character. Aside from the traditional radical chart on the back endpaper, there are three invaluable indices as well. The first is by the reading of the kanji, either Japanese (kun) or Chinese (on). The second is by radical, but not by traditional radical alone. Also included are variants and near-misses, directing the reader precisely to the right page. The third is by stroke number — if all else fails, count the strokes and track the character down. With a copy of Kodansha's Essential Kanji Dictionary close at hand — with its definitions, stroke order, Chinese compounds, Japanese compounds, business terminology, and three helpful indices — the life of the typical student of Japanese should take a decided turn for the better.
FEATURES • 1,945 Essential (Joyo) Kanji • 18,000 Common Compounds • 2,000 Practical Business Terms • Three Indices for Finding Kanji • Compact for Handy Reference • Functional, Up-to-Date, Timely

This comprehensive book helps you learn the 92 basic Kana characters and 2,136 standard Kanji characters. Complete, compact and authoritative—this Japanese language book provides all the information needed to learn kanji and kana, including the 92 basic hiragana and katakana phonetic symbols (known collectively as Japanese Kana) and the 2,136 standard Joyo Kanji characters that every Japanese person learns in school. This new and completely revised edition reflects recent changes made to the official Joyo kanji list by the Japanese government. The kana and kanji are presented in an easy and systematic way that helps you learn them quickly and retain what you have learned and improve your mastery of the Japanese language. The ability to read Japanese and write Japanese is an essential skill for any student and will build on their previous knowledge and improve on their overall capacity to learn Japanese. A concise index allows you to look up the Kanji in three different ways (so the book also serves as a Japanese Kanji dictionary) and extra spaces are provided to allow you to practice writing Japanese. Japanese Kanji and Kana contains: All 2,136 official Joyo kanji with readings and definitions. Characters are graded by their JLPT examination levels. Up to 5 useful vocabulary compounds for each kanji. Brush and pen cursive forms as well as printed forms. 19 tables summarizing key information about the characters. Kanji look–up indexes by radicals, stroke counts and readings.

This Kanji reference book employs a revolutionary and user–friendly new way to look up Japanese kanji by appearance rather than radical. Kanji (Japanese characters) are a fascinating but frustrating part of the Japanese language. In particular, looking up kanji in a traditional dictionary can be a nightmare as there is no "alphabetical order." With Kanji Fast Finder you can find kanji in seconds from their appearance alone. From the finder chart inside the front cover, you can turn to the correct page immediately, and finding the kanji on that page has also been made as simple as possible. As an optional feature you can make a double thumbnail index, to speed things up even more. The fast finder is designed primarily for those who want to seriously learn kanji and serves as a quick reference for experts, but is also suitable for beginners or people who wish to dip into kanji, browse, or simply discover what a street sign means. With this book you can: Find kanji quickly, reliably and intuitively—from their visual appearance alone. Quickly check the meanings, readings, stroke–counts and radicals of kanji. Look up newly encountered kanji or check ones you have temporarily forgotten. Track down elusive kanji more easily than large kanji dictionaries. Simply browse and explore, comparing similar kanji. Features all 1,945 General Use Kanji as prescribed by the Japanese Ministry of Education. This book contains hints and suggestions on finding kanji, but the system is so intuitive that you will be able to use it immediately and with very little guidance. By the time you have looked up half a dozen kanji, you will appreciate the speed with which you can locate kanji in the Fast Finder.

The Kodansha Kanji Dictionary — a revised, expanded edition of Jack Halpern 's groundbreaking New Japanese-English Character Dictionary — is the most complete, linguistically accurate, and up-to-date dictionary of its kind. The culmination of more than twenty years of labor—some one hundred man-years—this authoritative and easy-to-use dictionary has been celebrated the world over by students and teachers of the Japanese language for its wealth of detailed information on the meanings and usages of Sino-Japanese characters. One of the unique features that has made this dictionary so popular is the core meaning, a concise keyword that facilitates an instant grasp of the fundamental concept of each kanji. Along with detailed character meanings, the core meaning helps learners decode unfamiliar compound words from the meanings of their components. Another unique feature is the System of Kanji Indexing by Patterns (SKIP), a revolutionary indexing system that makes it possible to locate entries as quickly and as accurately as in alphabetical dictionaries. With SKIP, all you need to do to find a kanji is identify the geometrical pattern to which it belongs, then count the strokes in each part of that pattern — a much speedier process than searching by traditional methods such as by radical. Updates include the integration of 5,458 entry characters — almost 20 percent more than in the first edition. This includes all the government-prescribed Joyo and Jimmei Kanji, as well as extensive coverage of old and alternative character forms. The new edition also features more readings, meanings, synonym articles, usage notes, and vocabulary items than before. And, in keeping with modern Japanese-language curricula, character and compound readings are shown in kana instead of romanized Japanese. With its wealth of detailed and up-to-date information on kanji meanings, readings, and usages, its accessible new design, its convenient lookup methods (six including SKIP), and its added content, this dictionary is certain to satisfy the needs of students, teachers, scholars, translators — anyone who uses the Japanese language.
