The Violinists Thumb And Other

Access Free The Violinists Thumb And Other Lost

The Violinist's Thumb is an excellent overview of the history of DNA and genetic research, and while the anecdotes might make you laugh they also illustrate various aspects of that history. Most interestingly, Kean provides some intriguing speculations as to the future of that research and its implications for us all.

Violinist's Thumb: And Other Lost
Tales Of Love, War, And ...

The Violinist's Thumb tells the story of the genetic code through the stories of the scientists who made discoveries about the genetic code, people affected by genetic mutations, and others. And the book is fascinating.

Makes Us Human : NPR
The Violinist's Thumb has to be the most fun I have ever had reading a book about science. Oh, and in case you are wondering, the thumb in the title belonged to Paganini, an 18th century violinist so talented many thought he had sold his soul to the devil.

The Violinist's Thumb : And Other Lost Tales of Love, War ...
Sam Kean talked about his book, The Violinist's Thumb: And Other Lost Tales of Love, War, and Genius, as Written by Our Genetic Code, in which he explores the importance of DNA.
