Volvo first starts to manifest transmission problems by hesitating to engage or take too long to change gear. As the problem gets worse, you will notice a bang or hard shifting between gear. If you ignore the problem for too long, the car will go into Limp Mode and get stuck in one gear. Don't ignore these symptoms, or you may completely damage the transmission.

Volvo XC90 Automatic Transmission Problems - part 1
Transmission problem was unexpected from Volvo. We have a XC90 that has recently developed a transmission problem which they estimates will, cost \$3-4,000. Plus there is no guarantee it will resolve the problem with the GM transmission which Volvo used for this vehicle. They strongly encourage to unload the Volvo.

Transmission Failure Common : Volvo XC90 Drive Train
When you take your volvo in for transmission problems (not ordinary service calls, except maybe a filter/fluid change when problem arises) Dealer techs are not trained for major repair and X/C 90's are having major transmission problems VOLVO corp. realizes major issues with GM transmissions and stops production and stiffs the buyers of a \$40,000+ car that can not even make a 100,000 mile mark w/o transmission problems leaving the car worth less than a **lcash for clunker!** vehicle.

In particular i like to be able to force the car into a HIGHER gear than an auto box would ideally want. Lets say i am doing 30mph coasting along a flat or slight downhill, i like to select a higher gear, even top gear, in order to save fuel and relax the engine. I am torn between a manual XC90 and a geartronic auto version.

Check there are no other issues in the system such as worn ABS rings or loose driveshaft bolts. The diesel engines have a habit of throwing gearbox faults when the injector wiring is faulty, it normally means poor performance too, but not always. Any issue, even a faulty thermostat, can cause gearbox problems.
